Dear Doctor,

Keeping you informed: distribution change for Archimedes Pharma UK Ltd

We're committed to keeping all our customers advised of changes to the supply of products through new distribution agreements; as such I would like to inform you of a key and upcoming change.

From 1st March 2014 Archimedes Pharma UK Ltd enters a solus wholesaler agreement with AAH.

Archimedes is an international speciality pharmaceutical company providing treatments to address serious or chronic debilitating illnesses in the areas of oncology, pain, and critical care.

We recognise the importance of the care you provide for your patients. Our twice daily delivery, with same day options for morning orders, helps you fulfil your promises. With industry leading 8pm cut off times our teams are ready to take and process your order needs.

At AAH we strive to make it really easy to do business with us. Overleaf is a list of Archimedes products complete with link codes and descriptions to help you complete your order needs. As part of this new agreement a discount of 7.5% will be applied to the Archimedes products as shown in the product table overleaf.

If you do not already have an AAH account, opening one is simple, please visit <http://www.aah.co.uk/newaccount> to download your community pharmacy pack. Doing so now will give peace of mind that you're ready for the switchover and ensure continuity of supply of Archimedes products. If you experience any difficulties in opening an account please contact the AAH new accounts team on 0844 561 2008.

If you require any further information or have any specific questions regarding the content of this letter please contact your AAH Business Manager.

I would like to take this opportunity to thank you for your ongoing business.

Yours sincerely,

Chris Frost
Sales Director
