Join the DDA NOW!

Free DDA membership until the end of 2014 is just one of the many good reasons to join the Dispensing Doctors' Association now.

The Dispensing Doctors' Association is the only organisation to specifically represent the interests of dispensing doctors and their patients.

DDA Membership entitles practices to access the help and support of the DDA Office and of the DDA GP Board Members, all of whom have first-hand experience of dispensing practice.

Membership also entitles practices to access a wealth of free resources; free to members, for example, is this new 2014 Essential Dispensing Guide, priced at £9.99 to non-members, which is designed to give basic but vital information for new (and not-so-new) dispensing practices.

Other free benefits of membership include dispensing and practice resources and guidance, including free downloadable template Standard Operating Procedures, and free DSQS support resources, free dispensary training materials and lobbying resources, free staff job descriptions, and CD Registers.

Membership also gives members exclusive access to purchase and reimbursement price analysis, as well as the daily news and urgent email broadcast services available on the newly relaunched DDA website, www.dispensingdoctor.org.

Members can also take advantage of the annual DDA Conference, including exclusive member-only content. In 2015, this will take place on October 21-22 alongside the Best Practice Show at the NEC Birmingham.
