But it can't all be good right...?

Is this enough?

The solution to our problems?

Maximise potential profitability

Much simpler – don't need to remember a massive amount

Reduced risk – stop unknown above Drug Tariff ordering

More suppliers – less out of stock items

Less time to shop around – automatic ordering

Need less staff time

More time to do everything else

Summary

- Take back control...
- Change needs to happen to reverse the profit trend...
- Don't wait until its too late!
